

Event COVID19 restrictions

In order to offer this event, we must comply with State and other COVID19-safety restrictions.

Please read and observe the following and help us keep everyone safe.

All attendees are required to:

- check in on arrival,
- sanitise your hands at the provided station each time you enter the room, and
- maintain your distance from other people in the room by standing 1.5 m apart.

We ask that you choose one seat to sit in throughout the day.

You're welcome to wear a mask or other PPE if you wish.

Please do not attend if you have:

- COVID-19, or have been in direct contact with a known case since 14 February 2021,
- flu-like symptoms, or are a high health risk (e.g. due to age or pre-existing health conditions), or
- travelled interstate or internationally since 14 February 2021.

If you show signs of being unwell you may be asked to leave.

In addition, please do not bring any food or drink into the room, other than bottled water, or an enclosed cup of tea or coffee.

We ask that you step outside to consume any food, please. This will also allow members of the community with severe food allergies to participate.

Thank you for working with us so we can bring opportunities like this to the Huon Valley.
