- The first picture shows the location of buildings within the hotel complex.
- The Heritage Building is the main building in the complex, with restaurant, bar and lounges.
- All Heritage rooms are upstairs. There is wheelchair access behind the building; you would always have to go around the building to go upstairs and downstairs if in a wheelchair.
- Lodge rooms are one bedroom.
- Units are two bedrooms.
- All rooms used by a writer on retreat will have a desk and chair. These are highly variable and will be adjusted to your personal taste on the first day.
- Please note if you do not book a specific number of beds in a room/unit, extra beds may be moved elsewhere during your stay.

The Kermandie is a waterfront hotel, overlooking the Port Huon Marina on the Huon River.

While there are gorgeous views in every direction, please note that rooms with an asterisk do not have direct water views.

There are other spaces in the hotel to sit and write quietly through the day if you wish to write overlooking direct water views.
